

EFFECTIVE

March 1, 2020.

Subject(s)**Administrative Policy Security (APS) 1200, Security Awareness and Training**

MDHHS must manage incidents negatively impacting the security and privacy of information, systems and related assets. This includes suspected or actual violations and breaches of privacy, that involve unauthorized or impermissible uses, or disclosures of specific types of confidential information, which must be identified, reported, documented, responded to, mitigated to the extent practicable, and evaluated for the implementation of breach notification procedures when required by law.

In compliance with Department of Technology, Management and Budget (DTMB) 1340.00, Information Technology Information Security Policy, MDHHS must ensure implementation of all moderate baseline security controls catalogued in the National Institute of Standards and Technology (NIST) Special Publication 800-53, Security and Privacy Controls for Federal Information Systems and Organizations (Revision 4) from the NIST Computer Security Resource Center. This policy sets forth requirements from the security awareness and training [AT] family of NIST controls, managed by MDHHS in accordance with DTMB 1340.00.030.01, Security Awareness and Training Standards MDHHS must review this policy annually.

Reason: Annual review.
